Re: Data Request - New Bedford Harbor Project (891-01)

Dear Mr. Bering:

On behalf of the Joint Defense Counsel for the New Bedford Harbor case, I wish to request copies of all sampling results for those analyses and tests conducted during and prior to the construction of the Confined Disposal Facility (CDF). This would include water quality and sediment data in and around the CDF, as well as in the Harbor proper; any additional geotechnical data, such as boring logs or soil tests that were conducted; and all QA/QC data, procedures, protocols, data validation results, and identification of sampling locations.

We appreciate your cooperation and look forward to receiving the data.

Very truly yours,

Richard J. Hughto, Ph.D., P.E.
Vice President

RJH/dac/3027H

C: Joint Defense Group
